

New Earth MUZiQ & Innercise Yoga® Present

# Wellness:

A New Mountain Movement

# Sponsorship

innercise yoga

## Mission:

Innercise Healing Movement events incorporate yoga and meditation, healing conversation, and conscious music to unite the dimensions of wellness for an invigorating and uplifting experience aimed to transform the conscious body, mind, and Spirit and the space that surrounds us.

## Event Description:

A wellness network "Meet & Greet" space will start the night off right at 5pm sponsored by Infusion Tea Lounge. Innercise Yoga will then host a dynamic flow class engaging body and breath to become in tune with your inner Self, accompanied by music from Raphael Vibrations. Yoga will be followed by a short talk about transformative space, wellness events, and breathwork. Sangita Devi will then hold a beautiful Bhakti space for singing to Source in celebration for our health and wellness. At 9pm, local musician Numatik: The Music of Summit Jaffe will kick off our dance party followed by the amazingly talented Govinda.

## Partners

### Innercise Yoga:

Kelsey Armbruster has been an active yoga practitioner since 2009 and received her RYT-250 hour training from Asheville Community Yoga Center in 2012. For Kelsey, yoga is her compass home; it has taught her to be aware of her breath in any situation. When breathing through life, she believes, we can accept and activate all the infinite awareness that is channeled through us. Sharing her practice with the world to improve and motivate the health and growth of others has been her dream since she was a child. In finding yoga, she has found a shared bliss that transcends the unconscious to consciousness.

### New Earth MUZiQ:

To B the Change We Wish to See in the Event Production/Music Community. By working with only sustainable, local, and/or organic minded companies and organizations, NEM aims to connect all the right dots to transfer our culture from a wasteful and destructive to one of constant beauty and appreciation of the earth and its amazing natural aesthetics.
